About the property and location

We are pleased to offer this beautiful, recently renovated supported living service. It is a fully accessible service over two floors overlooking green space. Boasting a large communal space including lounge, dining room, conservatory and wrap-around garden as well as laundry and communal kitchen.

At full capacity the service will have 7 people. It is close to local shops and public transport links. Greenwich is just 8 minutes away. The service is situated in a quiet cul-de-sac with ample parking.

Facilities

The house has large communal spaces and a secured and secluded garden from the conservatory. Plus, a large communal kitchen with separate dining area next to it.

Everyone has their own bedroom which is decorated and personalised according to their tastes and needs. Communal areas are decorated in discussion with the wishes of the residents as a group.

The bedrooms are not ensuite, but there are two communal bathrooms and other facilities around the house.

Person profile

This service is ideal for people with complex health needs/physical disabilities and learning disability.

The service would suit people who are sociable or would like to build on this. It also allows people to have more than enough space to not feel crowded or pressured should they not wish to mix or socialise.

Our support

Avenues believes everyone should enjoy a full life and play an active part in their support. All our packages recognise the distinct needs, ambitions, likes and dislikes of each person. At this service this includes shared support and one-to-one. This aims to facilitate daily living skills and work towards greater independence, healthy living and wellbeing, budgeting, accessing the community and building relationships.
