About the property and location

This property is a large, wheelchair accessible service which offers an extensive communal kitchen and lounge. The building has four bedrooms.

The property is just a short distance from the main town of Bury St Edmunds- a bright, bustling town with local shops, pubs, cafes, a large supermarket and other community activities. It has excellent public transport links.

Facilities

The house has a large communal kitchen and communal lounge. There is also a large secluded garden.

Everyone has their own bedroom which is decorated and personalised according to their tastes and needs. Communal areas are decorated in discussion with the wishes of the residents as a group.

The four bedrooms have a shared bathroom and shared shower room. This service has a waking night.

Person profile

This property is ideal for people with learning disabilities, physical disabilities and ABI.

The service would suit people who are sociable or would like to build on this. It also allows people to have more than enough space to not feel crowded or pressured should they not wish to mix or socialise.

Our support

Avenues believes everyone should enjoy a full life and play an active part in their support. All our packages recognise the distinct needs, ambitions, likes and dislikes of each person and includes shared support and one-to-one. This aims to facilitate daily living skills and work towards greater independence, healthy living and wellbeing, budgeting, accessing the community and building relationships.
