Person profile

This service provides support for people with profound and multiple learning difficulties, autism and complex health needs on a shared and one-to-one basis. The service has a waking night.

The age of the people we support at Beresford Gardens ranges from 40-65 years. People are of mixed gender.

The service suits residents who are sociable or would like to build on this. It also allows people to have more than enough space to not feel crowded or pressured should they not wish to mix or socialise.

Our support

Avenues believes everyone should enjoy a full life and play an active part in their support. All our packages recognise the distinct needs, ambitions, likes and dislikes of each person. At this service we provide one-to-one and shared support. This aims to facilitate daily living skills and work towards greater independence, health and wellbeing, budgeting, accessing the community and building relationships.
