About the property and location

Avenues presents this large wheelchair accessible bungalow situated in a quiet residential area of Gidea Park, Romford. The property has six bedrooms.

The building is a short distance from the main town of Romford, a bright, bustling town with local shops, pubs, cafes, large supermarket and other community activities. It has excellent public transport links (bus and train) to London.

Facilities

This house benefits from large communal spaces and a secured and secluded garden. The large communal kitchen leads on to an adjoining dining area. There is also a sensory room.

Everyone has their own bedroom which is decorated and personalised according to their tastes and needs. Communal areas are decorated in discussion with the wishes of the residents as a group.

The six bedrooms are ensuite. The service also benefits from having its own transport vehicle. The service has a waking night as well as a sleep-in staff each night.

Person profile

This property is ideal for people with learning disabilities, physical disabilities and complex health needs.

The service would suit people who are sociable or would like to build on this. It also allows people to have more than enough space to not feel crowded or pressured should they not wish to mix or socialise.

Our support

Avenues believes everyone should enjoy a full life and play an active part in their support. All our packages recognise the distinct needs, ambitions, likes and dislikes of each person and includes shared support and one-to-one. This aims to facilitate daily living skills and work towards greater independence, healthy living and wellbeing, budgeting, accessing the community and building relationships.
