About the property and location

This service is located just outside of Chertsey in Ottershaw village, with easy access to the community and public transport, local shops and amenities. It also has great links to the M25 and surrounding areas.

The property is a twelve-bedroom bungalow in a quiet residential area. It is very peaceful and has a homely feel with well-maintained gardens for all to use. The service is quite central within Ottershaw village and therefore very close to lots of local amenities.

Facilities

There are twelve bedrooms which are split into two corridors, each with six bedrooms. There is also a bathroom and a wet room, and a laundry room.

The communal lounge, kitchen and dining room are in the centre of the home. They are vibrant spaces, always full of activities.

In addition to the above there are beautiful gardens that wrap around the whole building.

Person profile

This service is for residents with high physical and complex health needs. Everyone is young at heart, so it is suitable for all ages.

The service would suit people who are sociable or would like to build on this. It also allows people to have more than enough space to not feel crowded or pressured should they not wish to mix or socialise.

Our support

Avenues believes everyone should enjoy a full life and play an active part in their support. All our packages recognise the distinct needs, ambitions, likes and dislikes of each person.

Although the service is a twenty-four hour support service, everyone is supported to develop and enhance their skills and to enjoy accessing the local community. This service has excellent relationships with the wider community and can arrange for professionals to visit you at home or for you to visit them.
