About the property and location

Avenues presents a lovely semi-detached linked house with four bedrooms in total. The service has communal living areas, communal kitchens and large gardens.

The service is within easy reach, by car or public transport, of Fulbourn Village, six miles from East Cambridge.

Facilities

Everyone has their own bedroom which is decorated and personalised according to their tastes and needs. Communal areas are decorated in discussion with the wishes of the residents as a group.

The bedrooms are all upstairs and share a communal bathroom.

There is a mixed gender of people living there and there are no age restrictions.

Person profile

This property is ideal for people with a learning disability and autism. Must be mobile as bedrooms are upstairs. There is community access support, activity support, cooking and personal care support.

This service would suit people who are sociable or would like to build on this. It also allows people to have more than enough space to not feel crowded or pressured should they not wish to mix or socialise.

Our support

Avenues believes everyone should enjoy a full life and play an active part in their support. All our packages recognise the distinct needs, ambitions, likes and dislikes of each person and includes shared support and one-to-one and shared sleep-in. This aims to facilitate daily living skills and work towards greater independence, healthy living and wellbeing, budgeting, accessing the community and building relationships.
