About the property and location

This service is located in a quiet residential area of Sheerwater.

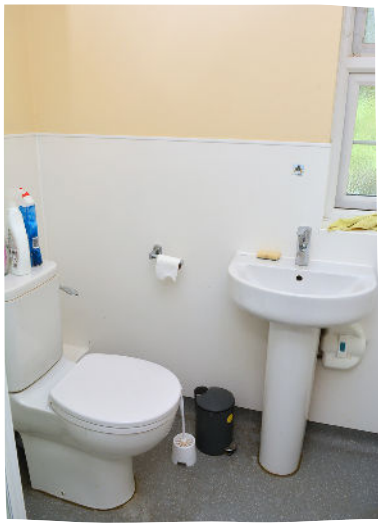
The local area has plenty of shops, restaurants, pubs, and a gym, and there are bus stops close by that will take you to Woking or West Byfleet.

Facilities

Avenues presents a spacious four-bedroom home situated down a quiet road. The house boasts a large open plan communal lounge and dining room with media systems and a games room.

The property has a large rear garden and, in the warmer months, there are facilities for people to enjoy a barbecue.

Everyone has their own bedroom which is decorated and personalised according to their tastes and needs. Communal areas are decorated in discussion with the wishes of the residents as a group.



Person profile

This service suits young people above the age of 25, of mixed gender, who are very independent and have low support needs. This includes those with mild learning disabilities and autism.

All three residents at this service have come from twenty-four-hour supported living and are now developing and enhancing their skills to become more independent

Our support

Our ambition is for people to experience a sense of belonging, and enjoy a full life. All our support packages are unique, recognising the distinct needs, ambitions, likes and dislikes of each person.

As the people who live here are very independent, there are no shared overnight support hours and a low amount of one-to-one hours each week that help to provide support in upskilling daily living.
